Address	3220 S Higuera St, Ste 205
City	San Luis Obispo
State	California
Zip	93401-6987
Phone Number	805-541-5055
Fax Number	--

**Provider's Primary Taxonomy Details:**

Type	Allopathic & Osteopathic Physicians
Speciality	Psychiatry & Neurology - Psychiatry
Taxonomy	2084P0800X
Licence No.	A111058 (California)

**Definition:**

A Psychiatrist specializes in the prevention, diagnosis, and treatment of mental disorders, emotional disorders, psychotic disorders, mood disorders, anxiety disorders, substance-related disorders, sexual and gender identity disorders and adjustment disorders. Biologic, psychological, and social components of illnesses are explored and understood in treatment of the whole person. Tools used may include diagnostic laboratory tests, prescribed medications, evaluation and treatment of psychological and interpersonal problems with individuals and families, and intervention for coping with stress, crises, and other problems.

Dear NPINO Moderator. This message is NOT SPAM. As with all of my needs to use NPINO Disqus Tool for a very real purpose, your censorship of my postings here is unwarranted. Should it happen, this time, I will properly process an [ abuse ] for cover-up of a conspiracy.

Within this KAREO PATIENT PORTAL Communications To This Doctor is mentioned about the possible conflict of interests with American National Security Implied. I am very serious about how this matter must be professionally processed by all persons. I am not the enemy. Truth is your enemy. Time is your enemy. Not me. The mention of the FBI has been placed into reference in email to: Care@InlandPsych.com ---- Let us assume that everyone can maintain their professionalism and properly represent care instead of being an enemy of the United States of America in some grand scheme of Cyber-Warfare --- ok?

BTW: I will have a copy of this NPINO Page if it is removed, Everything will be then forwarded to the FBI and the DEPARTMENT of JUSTICE. Do you hear me?

-----

**What is a NPI Number?** : The National Provider Identifier (NPI) is a unique identification number for covered health care providers. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about healthcare providers, such as the state in which they live or their medical specialty. The NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions. Covered health care providers and all health plans and health care clearinghouses must use the NPIs in the administrative and financial transactions adopted under HIPAA (Health Insurance Portability and Accountability Act).

**Where NPI should be used?** : The NPI must be used in place of legacy provider identifiers, such as a Unique Provider Identification Number (UPIN), Online Survey Certification & Reporting (OSCAR) and National Supplier Clearinghouse (NSC) in HIPAA standard transactions. There are two categories of health care providers for NPI enumeration purposes. Entity Type 1 providers are individual providers who render health care (e.g., physicians, dentists, nurses). Sole proprietors and sole

proprietorships are Entity Type 1 (Individual) providers. Organization health care providers (e.g., hospitals, home health agencies, ambulance companies) are considered Entity Type 2 (Organization) providers.

**Who must obtain NPI?** : All health care providers who are HIPAA-covered entities, whether they are individuals (e.g., physicians, nurses, dentists, chiropractors, physical therapists, or pharmacists) or organizations (e.g., hospitals, home health agencies, clinics, nursing homes, residential treatment centers, laboratories, ambulance companies, group practices, Health Maintenance Organizations [HMOs], suppliers of durable medical equipment, pharmacies) must obtain an NPI. The NPI will be used by HIPAA-covered entities (e.g., health plans, health care clearinghouses, and certain health care providers) to identify health care providers in HIPAA standard transactions. A covered health care provider, under HIPAA, is any health care provider who transmits health information in electronic form in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard, even if the health care provider uses a business associate to do so.
